

Number	Proposal Subject	Disposition	Note
17-201	Notices of Illness Outbreaks, Recalls, and Closures	Adopt	Guidance developed by committee
11-310	Internal Authority Self-assessment Using National Program Standards Manual	Adopt & Committee	1) Adopt standards for plant element into Section IV, 2) committee complete piloting & recommend needed changes to conference at 2021 meeting; 3) begin development of program standards for growing area classification
11-103	Alternative MSC Meat Standard for Restricted Classification of Growing Areas Impacted by WWTP Outfall	Adopt as Amended	
17-100	Marina Definition	Adopt as Amended	
17-115	Reconditioning of Recalled Shellfish Implicated in a Norovirus Outbreak	Adopt as Amended	
17-121	Disposal of Human Sewage and Bodily Fluids	Adopt as Amended	
19-107	Determining Shoreline Survey Area	Adopt as Amended	
19-109	Offshore State Water Classification Requirements	Adopt as Amended	
19-113	Authorizing Unclassified Areas & Multiple Classifications for Single Area	Adopt as Amended	
19-114	Emergency Conditions Reopening Studies	Adopt as Amended	
19-117	Shellfish Cleansing Studies	Adopt as Amended	
19-118	Conditional Areas Not Based on Predicting Microbiological Indicator Levels	Adopt as Amended	
19-122	Use of Growing Area Rather than Harest Area in Patrol Requirements Language	Adopt as Amended	
19-125	Karenia brevis Guidance	Adopt as Amended	
19-135	Microbiology Lab Evaluation Checklist - Sterilization	Adopt as Amended	
19-137	Checklist for Bacteriological Analysis of UV Treated Process Water Samples by Membrane Filtration Using mEndo Agar LES	Adopt as Amended	
19-142	Add Use of Mechanical Shaker to Water Microbiology Methods Checklist in Sample Prep Requirements Section & Include Reference	Adopt as Amended	
19-143	MARBIONC Brevetoxin (NSP) ELISA Method Lab Evaluation Checklist	Adopt as Amended	
19-149	Biotoxin Guidance	Adopt as Amended	
17-207	Vv Control Plan	Adopt as Amended	
17-217	Removal of Harvester Tags Being Shipped by Shipped by Dealers	Adopt as Amended	
19-202	Definition of Restricted Shellstock	Adopt as Amended	
19-208	Illness Outbreak Response	Adopt as Amended	Requests development of decision tree refelcting requirements of 19-208 to be presented as 2020 Spring Board Meeting
19-209	Illness Outbreak Response	Adopt as Amended	
19-218	Ice Used on Harvester Vessels	Adopt as Amended	
19-224	Restricted Use Tag Language General Requirements for Dealers	Adopt as Amended	
19-228	Harvest of Restricted Shellstock in Federal Waters	Adopt as Amended	
19-229	Restricted Shellstock from Federal Waters	Adopt as Amended	
19-236	Aquaculture Operational Plan for Birds and/or Mammals	Adopt as Amended	
19-106	Delete Notification Requirement to Pollution Controol Agencies	Adopt as Submitted	
19-111	Allowing Use of SRS Method in Areas Impacted by Point Sources	Adopt as Submitted	

19-119	Reduced Marine Water Sampling in Conditionally Approved Areas Impacted by Point Sources	Adopt as Submitted	
19-120	Classification of Federal Waters	Adopt as Submitted	
19-126	MPN Real-time PCR for Enumeration of Vv in Oysters	Adopt as Submitted	
19-127	Modification of MARBIONC Bevetoxin ELISA SOP	Adopt as Submitted	
19-130	Microbiology Lab Evaluation Checklist - Standards Thermometer	Adopt as Submitted	
19-139	NSSP Microbiology Lab Evaluation Checklist	Adopt as Submitted	
19-147	Relay Contaminant Reduction Studies	Adopt as Submitted	
19-148	Correct Language of MO to Reflect Current Checklists	Adopt as Submitted	
19-200	Impact of Water Quality in Wet Storage	Adopt as Submitted	
19-201	Definition of Certification Number	Adopt as Submitted	
19-203	Foreign Country and Federal Waters Authority	Adopt as Submitted	
19-204	ICSSL Certification Type	Adopt as Submitted	
19-205	Dealer Inspection Requirements for States	Adopt as Submitted	
19-210	Illness Investigation Response for Multi-source Cases	Adopt as Submitted	
19-211	Frequency of Vv Control Plan Evaluation	Adopt as Submitted	
19-212	Restricted Use Language Vv Control Plan	Adopt as Submitted	
19-213	Restricted Use Language Vp Control Plan	Adopt as Submitted	
19-214	Permitting of Federal Waters Harvesting	Adopt as Submitted	
19-217	Time to Temperature Controls Clarification	Adopt as Submitted	
19-221	Transportation Records	Adopt as Submitted	
19-225	Add Depuration Processor Certification	Adopt as Submitted	

19-226	Deletion of Requirement for Suitable Holder for Toilet Paper Roll	Adopt as Submitted	
19-230	Shellstock Shipping Facility Requirements	Adopt as Submitted	
19-237	Dealer Receiving Critical Control Points	Adopt as Submitted	
19-239	Updating Epi Investigation Reference	Adopt as Submitted	
19-300	Executive Committee Membership	Adopt as Submitted	Also change to Section 9, Article IV
19-301	Updating & Clarifying Lab Evaluation Checklist Submission	Adopt as Submitted	
19-302	Adding Matrix Extension Guidelines for Method Validation	Adopt as Submitted	
19-303	Definitions and Training Requirements	Adopt as Submitted	
19-304	Training Guidance	Adopt as Submitted	
19-307	Add Audit, Research Management & Training to Standing Committees	Adopt as Submitted	
19-308	Standardization Definitions	Adopt as Submitted	
19-223	Restricted Shellstock	Adopt as Submitted & Committee	Make modifications to Section II Guidance Documents, Chapter II Growing Areas .06 Protocol for Landing of Shellfish from Federal Waters
19-238	Definition of Processed Shellfish	Adopt as Substituted	
17-220	Hand Sanitizer	Adopt Substitute Language	
17-206	Shellfish Illness Response Associated with Vp	Adopt Substitute Language & Committee	Charge and appointments made prior to 2020 ISSC Spring Executive Board meeting
13-107	Sources of Seed for Aquaculture	Committee	Guidance Document required included in proposal 13-107 with further instruction that committee be convened before spring exec board meeting to begin development of a guidance document for revised aquaculture chapter.
13-111	DSP PPIA Kit for Determination of Okadaic Acid Toxins Group in Molluscan Shellfish	Committee	
13-114	RBA for PSP Toxicity Determination	Committee	
15-109	PSP HPLC-PCOX Species Expansion	Committee	
15-112	Direct Plating Method for trh	Committee	

15-114	Pre-Proposal for MSC Enumeration in WW by Direct Double-Agar Overlay Method	Committee	
17-103	LC-MS/MS Method for Determination of DSP Toxins in Shellfish	Committee	
17-106	Matrix Expansion for RBA for PSP Toxicity Determination to Allow Use with Geoduck	Committee	
17-108	Detection of ASP Toxins in Mytilus edulis (blue mussel) shellfish by ELISA for DA	Committee	
17-116	Sanitary Control of Molluscan Shellfish Harvested from Federal Waters	Committee	17-116 was adopted in 2017 and not included in report
19-101	Conditionally Conforming Lab Status	Committee	
19-105	Lab Approval for Sample Analysis w/NO MO Defined Method or Action Level	Committee	
19-108	Aquaculture Seed Stock	Committee	
19-110	Point Source Approved Standard Station Locations	Committee	
19-112	Nonpoint Source Approved Standard Station Locations	Committee	
19-115	Emergency Conditions/Closed Status to Reflect Chapter II Use of Harvest Area	Committee	
19-116	Adding Timeframe to Limited or Temporary Period an Area Can Remain Under Closed Status Prior to Being Reclassified	Committee	
19-123	Marine Biotoxin Control - Public Health Reasons	Committee	
19-124	Marine Biotoxin Control - Guidance Document	Committee	
19-128	Lab Method for Vp and Vv Enumeration and Detection Through MPN and Real-time PCR	Committee	
19-131	NSSP Microbiology Lab Evaluation Checklist - Reagent Water Quality	Committee	
19-132	Microbiology Lab Evaluation Checklist - Working Thermometers	Committee	
19-133	Microbiology & PCR Lab Evaluation Checklists - Working Thermometers	Committee	
19-136	NSSP DSP Lab Evaluation Checklist	Committee	
19-138	NSSP Microbiology Lab Evaluation Checklist	Committee	
19-140	NSSP Microbiology Lab Evaluation Checklist	Committee	
19-141	NSSP RBA for PSP Lab Evaluation Checklist	Committee	
19-144	Guidance for Assessing Viral Impact from WWTP Outfall on Adjacent Growing Areas Using MSC Method on Effluent Samples	Committee	
19-145	Guidance on Cleansing Studies	Committee	Develop guidance for cleansing studies & assess scenarios where water quality sampling could be used in place of cleansing studies
19-150	Neogen's Reveal 2.0 for PSP for Detection of PSP	Committee	
15-226	Vp Illness Response Guidance Document	Committee	Consider changes in Vp response requirements when developing NSSP guidance document
17-225	Clarification of Surf Clams and Ocean Quahogs Exemption from Time/Temperature Requirements when Intended for Thermal Processing	Committee	Develop definition for thermal processing and request FDA to extend exemption from time temperature requirements until the study is completed.
19-215	Ingredients Used in Shellstock During Wet Storage	Committee	
19-220	Shipping Temperatures	Committee	
19-222	Shellstock Identification	Committee	

19-227	Proper Use of Devices to Prevent Backflow and Back Siphonage	Committee	
19-231	Addition of Shipping CCP	Committee	
19-235	Shellstock Receiving & Shipping	Committee	
19-240	Alternative for Allowing Harvest for Raw Consumption From Growing Area Closed Due to Vp	Committee	
19-241	Vv Risk Evaluation	Committee	
19-242	Vv Illness Reporting	Committee	Encourage conference to continue to address educational efforts & specifically consider target audiences and a needs assessment and potentially develop data collection tool to determine existing knowledge of at risk individuals associated with Vibriosis illnesses
13-301	Growing Area Classification Criteria	Committee	Start deliberations ASAP and work with FDA to assure consistency and uniformity of evaluation criteria for all program elements.
17-305	Responsibilities of FDA for Annual and Bi-annual Evaluation	Committee	FDA determine if issues outlined may be addressed in Molluscan Shellfish Compliance Program and advise the Regulatory Relationships Committee
19-305	Evaluation of Shellfish Sanitation Program Elements	Committee	Regulatory Relationships Committee
19-310	Plant Element Evaluation Criteria	Committee	Immediately address concerns associated with In-field Plant Criteria & develop recommendations for executive board interim action at 2020 spring board meeting. Also, suspend in-field plant criteria until executive board provides modified criteria
19-311	NSSP Plant & Shipping Evaluation Criteria	Committee	
19-312	Plant & Shipping Element Evaluation Criteria	Committee	
17-204	Add In-field Compliance Criteria for Control of Harvest Element	Committee	Establish working group including members from NSSP Evaluation Criteria and Patrol Committees to review and make recommendations to conference, working with FDA to consider consistency and uniformity of evaluation criteria for all program elements.
13-116	Shellfish Quarantine Guidance Document	No Action	19-149 addresses
19-100	Determining Emergency Conditions	No Action	Already addressed in MO
19-121	Karenia brevis	No Action	19-149 addresses
19-129	Micropipettor Verification	No Action	Existing language is needed
19-134	Membrane Filtration Technique for Seawater Using mEndo Agar LES Checklist	No Action	19-137 addresses
19-146	Micropipettor Verification	No Action	Existing language is needed
19-151	Update Protocol for Landing of Shellfish from Federal Waters	No Action	19-149 addresses
19-153	Alternative Pre-harvest Screening	No Action	19-149 addresses
13-200	Reducing Risk of Vibrio Illnesses	No Action	Included for info only
17-209	Shellstock Time to Temperature Controls	No Action	17-207 addresses
19-216	Storage of Toxic Compounds on Harvester Vessels	No Action	Already addressed in MO
19-232	Public Health Explanation of Depuration	No Action	by request of submitter

19-243	Vp Illness Reporting	No Action	19-242 addresses
19-152	Update Protocol for Marine Biotoxin Control	No Action	19-203 addresses
17-302	NSSP Training Curriculum	No Action	For information only
